CAREER DEVELOPMENT

The Career Tech Center recognizes the need to connect learning at school to future career opportunities for middle school students. With our support, they are piloting a career exploration program with Muskegon, Orchard View, and Mona Shores Middle Schools to increase engagement and promote career exploration.

YOUTH DEVELOPMENT

All Muskegon County youth deserve a safe, youth-centered place to go when not in school. We're supporting the expansion of the Boys & Girls Club of the Muskegon Lakeshore and Pathfinders programs, two essential youth development agencies.

GRASSROOTS ORGANIZATIONS & FAITH PARTNERSHIPS

Grassroots nonprofits and faith partners play a pivotal role in the success of our community and have a great perspective on local needs. Investments in these efforts help strengthen our neighborhoods, promote literacy, and build trusted relationships.

AFFORDABLE HOUSING

Muskegon lacks a county-wide perspective on housing development needs. With the convening of local leaders, we will invest in baseline data to prioritize residential development, and ensure everyone has safe, affordable housing.
